

C/C++ Software Engineer

[Apply Now](#)

Company: Fortinet

Location: Herzliyya

Category: other-general

Are you a talented software developer with expertise in C/C++ programming? Are you eager to contribute to the development of innovative software solutions? Join our dynamic team of Linux and macOS developers and be part of a company that values creativity, collaboration, and cutting-edge technology.

Responsibilities:

- Collaborate with a diverse team of developers to gather software requirements and translate them into functional specifications.
- Design, develop, and maintain high-quality, scalable, and efficient software applications using C/C++.
- Implement solutions that run on multiple operating systems.
- Write clean, maintainable, and well-documented code that adheres to industry standards and best practices.
- Conduct thorough testing and debugging of software applications to ensure reliability and optimal performance.
- Participate in code reviews and provide constructive feedback to ensure code quality and maintainability.
- Troubleshoot and resolve software defects and compatibility issues across different platforms.

Requirements:

- Bachelor's degree in Computer Science, Software Engineering or equivalent experience.
- Strong proficiency in C,C++ or ObjC programming languages and a solid understanding of

software development principles.

- Excellent problem-solving and analytical skills.
- Strong communication and collaboration abilities.
- Ability to work independently as well as in a team environment.
- A strong work ethic and a passion for software development.

Preferred Qualifications:

- Experience in developing software applications for macOS and/or Linux.
- Familiarity with software testing methodologies and tools.
- Understanding of networking and multi-threading concepts.
- Experience with performance optimization and memory management techniques.

Join our innovative and collaborative team, and work on exciting cross-platform projects that impact users across various operating systems. We provide a stimulating work environment, opportunities for professional growth, and a chance to work with cutting-edge technologies. Apply today by sending your resume, portfolio, and a cover letter detailing your relevant experience and accomplishments.
