

## CRM/Salesforce Solution Engineer!

[Apply Now](#)

Company: CPS JOBS

Location: Israel

Category: other-general

### תחום

A leading eCommerce company is looking for a CRM/Salesforce Solution Engineer!

As a member of our Global Business Applications Team, you'll be responsible for supporting data generation that drives critical business operations in the company. By creating, maintaining, and implementing streamlined processes, you will enable our teams to continue to hit and exceed their goals through the most efficient and effective means possible.

Responsibilities:

Research, plan, design, and implement creative solutions for business cases involving multiple systems

Implement impactful business processes and requirements within Salesforce and related applications

Generate reports and dashboards, and work with objects and fields, workflows, validation, apex class & triggers, rules, and data uploads

Perform ongoing maintenance of Yotpo's Salesforce environment

Work closely with customer-facing operations teams in a fun, dynamic, and lively startup environment

Ability to handle multiple tasks and projects at a time

Agile and responsive when working in conjunction with other teams

Technical orientation and programming skills

People and service-oriented

יתרון

Experience working with one of the following systems: Gainsight, Zuora, NetSuite, DealHub - advantage

Experience working with Apex, JSON, SQL - advantage

Experience working with sales, marketing, and customer success business applications - advantage

Experience working in a fast-paced, high-growth startup – advantage

## דרישות

B.Sc Industrial Engineering/B.Sc Information Systems or equivalent

1-2 years of experience working as a Salesforce administrator/implementer

An understanding of the Salesforce platform/infrastructure and experience with its various features and tools

Strong logic skills and experience building complex flows and processes

A systematic approach to tracking, measuring, and analyzing results
