Company: Yotpo

Location: Tel Aviv-Yafo

Category: other-general

If you shop online (and who doesn't these days?), then chances are you've already interacted with Yotpo. We're a leading eCommerce retention marketing platform, on a mission to help brands of all sizes turn one-time shoppers into customers for life. Loyalty programs, SMS and email marketing, subscriptions, and reviews are our bread and butter, but we have more solutions up our sleeve, too.

We have teams across the world, including the US, Canada, UK, Israel, Bulgaria, and Australia — and we're still growing. Our primary goal is to deliver the best technology in the industry.

You can hear all about it in our latest brand video.

Sounds exciting? Then read on, because we're in pursuit of the best and the brightest minds to help us achieve our vision.

We are: Yotpo's DevOps group. We're responsible for everything that happens from the point the code is merged to the point someone starts using it. Yotpo DevOps is all about letting the developers do as much as they can on their own. Dev teams have end to end ownership of the product; full ci-cd; no qa department(!)Ownership has two sides: With freedom, comes responsibility. With autonomy, comes accountability.

Our environment : 1. ~2500-4000 AWS servers2. 80% workload runs on spots3.~2,000,000 requests per minute(!)4. We are Fully dockerized
