Company: Chegg Israel

Location: Rehovot

Category: other-general

### Description

Full Stack Engineer

As a Full-stack, fronted-oriented Engineer at Chegg, you'll be a key member of the product team, focusing on new, innovative offerings. This role blends startup spirit with the chance to impact millions of students. You'll work closely with Engineers, QA, DevOps, ML/DS, and PM, shaping the future of student learning.

### Responsibilities:

Lead and make informed decisions in technical architecture discussions.

Oversee tasks from inception to deployment, ensuring backend and frontend integration.

Perform comprehensive code reviews to maintain high standards and provide valuable feedback.

Resolve performance issues to optimize system efficiency.

Work closely with product and design teams for user-centric solutions.

6- month position with an option for more.

### Qualifications:

Frontend:

3+ years of professional experience.

Solid understanding of Data Structure and Algorithm Design.

Highly skilled with JavaScript, HTML5, and CSS.

3+ years of production experience with React, Redux, Next.js, and Typescript.

Experience with Unit test & E2E test (Jest, TestCafe/Cypress).

Ability to identify and resolve performance and scalability issues.

Experience in Chrome Extensions development is an advantage.

Backend:

Deep knowledge of Node.JS & Typescript.

Knowledge of AWS infrastructure.

Experience with Python is an advantage.

Professional and Interpersonal Skills:

Demonstrated ability in cross-functional collaboration, especially with remote teams.

Strong commitment to quality, focusing on software performance and scalability.

Highly self-motivated and excellent at organization.

A continual learner, eager to stay ahead in technical and industry advancements.

Why do we exist?

Students are working harder than ever before to stabilize their future. Our recent research study called shows that nearly 3 out of 4 students are working to support themselves through college and 1 in 3 students feel pressure to spend more than they can afford. We founded our business on provided affordable textbook rental options to address these issues. Since then, we've expanded our offerings to supplement many facets of higher educational learning through Chegg Study, Chegg Math, Chegg Writing, Chegg Internships, Thinkful Online Learning, and more to support students beyond their college experience. These offerings lower financial concerns for students by modernizing their learning experience. We

exist so students everywhere have a smarter, faster, more affordable way to student.
