

Israel Jobs Expertini®

Head of Product Management, Hub Payments Orchestration

[Apply Now](#)

Company: PayU

Location: Tel Aviv-Yafo

Category: other-general

About PayU PayU, a leading payment and Fintech company in 50+ high-growth markets throughout Asia, Central and Eastern Europe, Latin America, the Middle East and Africa, part of Prosus group, one of the largest technology investors in the world is redefining the way people buy and sell online for our + merchants and millions of consumers. As a leading online payment service provider, we deploy more than 400 payment methods and PCI-certified platforms to process approximately 6 million payments every single day. **About the role** We are looking for a Head of PayU Hub Orchestration Platform who will oversee all aspect of the platform's product strategy and execution from concept to delivery. You will be working with a very global, multi-cultural team. You need to have the right people skills for the task. **People come first at PayU** and we will want to see your ability to gel and work together with this team. Your **leadership, mentorship and management** experience will be key to successfully **driving product strategy and execution**. With strategy in mind, you will be defining and leading a major part of our overall business strategy. You need to demonstrate strategic thinking skills, planning abilities and product management expertise. As a senior product leader, you need to show us that **you love products**. You love thinking about products; you love planning products and building products. You love delivering them to the market and tracking their success (or learning quick from their failure). And lastly, you will be communicating. A lot. You will be talking to internal stakeholders (including C-level executives) on an on-going basis. You will be talking to external stakeholders including customers and the market at large. Your storytelling skills will be tested — how you speak about product vision, strategy and execution and communicate to

stakeholders will be key to your success **Excited yet? Continue reading to find out more about the role!**

What you will do:

Lead, manage and mentor global team

Drive and execute upon the vision

Define the product strategy and roadmap of building a global orchestration platform within PayU

Define what success looks like for the team

Work closely with cross functional teams spread across different geographies, including operations, commercial, engineering, etc.

Define and manage the group OKRs goals

Monitor, review and optimize the group execution and performance according to company goals.

What are we looking for:

7+ years of product management experience

4+ years of leading a product global team

3+ years experience in the payments ecosystem

eCommerce payments / ecommerce payment processing experience

Knowledge of card acquiring/processing

Knowledge in alternative payment methods (APMs)

Experience in leading a cross functional product team – including product owners and product managers

Ability to drive decisions, take action, and roll up your sleeves and dive into the work

Superb articulation, communications, and overall leadership capabilities

Thrive on analyzing and understanding the customer and the ecosystem

Excellent communication skills in Hebrew and English – both verbal and written

Team player with the ability to contribute to the strong team culture of our co-located and diverse group

What we offer:

Career progression program

Wellbeing programs

Flexible program and hybrid way of working

Free subscription to an Internal e-learning platform with courses from Udemy, Coursera, and many others

Truly International Environment with almost 40 different cultures

An inclusive environment that listens to a diverse range of voices when making decisions

A positive, get-things-done workplace

A dynamic, constantly evolving space (change is par for the course – important you are comfortable with this)

Ability to learn cutting edge concepts and innovation in an agile start-up environment with a global scale

A democratic work environment where you can drive your outcomes.

About us At PayU, we are a global fintech investor and our vision is to build a world without financial borders where everyone can prosper. We give people in high-growth markets the financial services and products they need to thrive. Our expertise in 18 high-growth markets enables us to extend the reach of financial services. This drives everything we do, from investing in technology entrepreneurs, to offering credit to underserved individuals, to helping merchants buy, sell and operate online. Being part of Prosus, one of the largest

technology investors in the world, gives us the presence and expertise to make a real impact. Find out more **[Our Commitment To Building A Diverse And Inclusive Workforce](#)**

As a global and multi-cultural organization with varied ethnicities thriving across locations, we realize that our responsibility towards fulfilling the D&I commitment is huge.

Therefore, we continuously strive to create a diverse, inclusive and safe environment, for all of our people, communities and customers. Our leaders are committed to create an inclusive work culture which enables transparency, flexibility and unbiased attention to each and every PayUner so they can succeed, irrespective of gender, color or personal faith. An environment where every person feels they belong, that they are listened to, and where they are empowered to speak up. At PayU we have zero tolerance towards any form of prejudice whether a specific race, ethnicity, or of persons with disabilities or the LGBTQ communities.
