

Principal Software Architect - Remote

[Apply Now](#)

Company: Akamai

Location: Israel

Category: other-general

Are you excited to drive innovation on the front lines of security?

Are you a star technologist who wants to inspire a group of great developers?

Join our team

The team is part of Akamai's Micro-Segmentation Security group. We build the leading zero-trust platform that disrupts the security market. Our team is new, our challenges are great, and our culture is awesome, Join us!

Shape the future of security and Zero Trust

You will lead innovation and challenges of big data at scale and dynamic distributed systems. You will protect customers' workloads and assets wherever they run. If you are inspired by technology, want to be hands-on, can see the big picture, and provide the right solution, join us!

As a security architect in the micro-segmentation architecture team, you will:

Envisioning innovative solutions for our challenges and shaping our solution architecture

Collaborating with our experienced product managers team and our industry top engineers

Becoming the de-facto technology expert for micro-segmentation and Zero trust

Suggesting solutions to problems that are simply can't found by searching Google

Helping deliver security value for first-tier customers depending on our technology to secure their business

Do what you love

To be successful in this role you will:

8+ years of industry experience developing software and working within an R&D organization.

Experience leading Software Architect.

Experience developing in a microservices architecture.

Experience working in production environments - cloud and on-premise data centers

Experience in working with Linux-based systems

Experience in managing partnerships with senior technical leaders, business stakeholders, and key vendors.

Possess an empathetic and collaborative leadership style to support a dynamic team of dedicated professionals under a shared mission

Work in a way that works for you

FlexBase, Akamai's Global Flexible Working Program, is based on the principles that are helping us create the best workplace in the world. When our colleagues said that flexible working was important to them, we listened. We also know flexible working is important to many of the incredible people considering joining Akamai. FlexBase, gives 95% of employees the choice to work from their home, their office, or both (in the country advertised). This permanent workplace flexibility program is consistent and fair globally, to help us find incredible talent, virtually anywhere. We are happy to discuss working options for this role and encourage you to speak with your recruiter in more detail when you apply.

what makes Akamai a great place to work

Connect with us on social and see what life at Akamai is like!

We power and protect life online, by solving the toughest challenges, together.

At Akamai, we're curious, innovative, collaborative and tenacious. We celebrate diversity of thought and we hold an unwavering belief that we can make a meaningful difference.

Our teams use their global perspectives to put customers at the forefront of everything they do, so if you are people-centric, you'll thrive here.

Working for you

At Akamai, we will provide you with opportunities to grow, flourish, and achieve great things. Our benefit options are designed to meet your individual needs for today and in the future. We provide benefits surrounding all aspects of your life:

Your health

Your finances

Your family

Your time at work

Your time pursuing other endeavors

Our benefit plan options are designed to meet your individual needs and budget, both today and in the future.
