

Principal Software Engineer - Kusto

[Apply Now](#)

Company: Microsoft

Location: Herzliyya

Category: other-general

Overview

Have you ever wanted to be an integral part of building a big data search and analytics solution? Have you ever dreamed that you could lead re-inventing the way people explore big data? Reinventing the way people interact with big data is happening NOW in the Azure Data Explorer (Kusto) team.

Qualifications

Required Qualifications:

- 8+ years of experience developing in .NET
- 5+ years of experience developing large-scale backend system
- 3+ years of experience developing in native language (e.g: C++, Rust)

Preferred Qualifications:

- 2+ years of experience working with Big Data systems (development or usage)
- Hands-on experience working with customers (internal teams or external groups)
- Evaluate current services and drive performance, availability, and supportability improvements.
- Demonstrated solid working knowledge on cloud computing / Azure / AWS.
- Experience with multi-threading, synchronous and asynchronous programming
- Hands-on experience in shipping high-quality large-scale cloud services or distributed system.

Responsibilities

The team started as a small incubation 10 years ago and has already made a lot of buzz

within Microsoft, offering a new solution for exploring and analyzing log data which is based on new disruptive technology. Azure Data Explorer (Kusto's) list of customers already includes thousands of Microsoft services, and is constantly expanding. We are looking for technical, experienced and motivated leads to help us continue driving the Kusto revolution and make it

THE technology for log search and text analytics across the world.

Help us continuing to provide value for external customer offerings and Microsoft internal large-scale solutions.

Benefits/perks listed below may vary depending on the nature of your employment with Microsoft and the country where you work. Industry leading healthcare Educational resources Discounts on products and services Savings and investments Maternity and paternity leave Generous time away Giving programs Opportunities to network and connect
