Company: WalkMe

Location: Tel Aviv-Yafo

Category: other-general

About the position

WalkMe (NASDAQ: WKME) is growing and we want you to join us! Have you ever wanted to work for an industry leader? Well, how about an industry creator?! At WalkMe, we're not just the leader in digital adoption, we started the digital adoption revolution - enabling organizations to measure, drive, and act to ultimately maximize the impact of their digital transformation and accelerate the return on their software investment. And with over 2,000 clients, including more than a third of Fortune 500 companies, working with us daily, we're changing how enterprises interact with their technology.

So, if you're looking for an opportunity to work, collaborate, and innovate with some of the most talented people out there, WalkMe is the place for you!

WalkMe is looking for a **Salesforce Business Engineer** to join our growing Information Systems team to help develop and maintain our Salesforce application.

The ideal candidate will be as passionate about business processes as they are about building them. As a Business Analyst, you will interface with businesses to ensure timely and effective delivery of Salesforce solutions for the business requirements. This role entails collaboration with executive leaders to identify, define, and implement changes and enhancements to meet business requirements in a dynamic, high-growth environment.

If you're keen on improving the lives of your co-workers, constantly learning new processes and building tools for them - this is the job for you!

What will you actually be doing?

Work on a complex, wide scoped Salesforce system covering Marketing, Sales, Presales, Channel, Deal Desk, Customer Success, Customer Support, Professional Services and Finance processes.

Lead projects end-to-end: full definition and design, implementation, development, training & communicating to stakeholders.

Provide tactical support for any issues and bugs that are reported on the Salesforce platform.

Build systems, integrate third-party tools, migrate data and provide ongoing support to our stakeholders.

Build and deliver solutions using point and click, code, 3rd party tools and APIs.

Create clear, concise and complete functional specifications & think through problems to make actionable recommendations.

What should you bring to the table?

Bachelor's degree in Industrial Engineering, Information Systems Engineering or Software Engineering

2+ years experience with Salesforce

Solid experience of Salesforce Sales Cloud, Service Cloud and Experience Cloud

Excellent knowledge of Salesforce customizations: Flow, Validation Rules, Sharing Rules & Permissions, Reports & Dashboards

Experience with Salesforce Apex and Lightning Web Components (is a plus)

Excellent written and verbal communication skills (English and Hebrew)

Team player with the highest level of integrity - this is a WalkMe core value

Why WalkMe?

As one of the world's leading SaaS companies, WalkMe enables you to partner with some of the most creative, innovative, and dedicated people in the business. And when we're not hard at work powering digital adoption, you'll find us relaxing with a cup of coffee.

So why should you work for WalkMe? For starters:

●We're ranked by Dun & Bradstreet as one of the TOP 20 software companies to work for in Israel.
●We were recognized by Deloitte as the 6th fastest growing software company in the world.
●We're publicly traded on the Nasdaq stock exchange.
●We provide you with the latest cutting edge tech to power your work while developing and advancing your career
●We manage at eye-level, giving you the chance to work with anyone at the company. Want to pitch an idea to one of WalkMe's founders or work on a project with our CEO? You've come to the right place.
●We recognize that you have a life outside the office. Whether it's picking up the kids or taking some time off for yourself, we make sure you keep your work-life balance.

And that's just the beginning! We could go on and on, but it would probably be easier to just apply and find out more.
