Company: Tipalti

Location: Israel

Category: other-general

Senior C# Backend infrastructure Developer

The infrastructure group is responsible for designing, implementing, and maintaining the core application infrastructure that supports the company's products and services. This infrastructure may include components such as APIs, libraries, and frameworks that are used by the developers to build and deploy applications.

As part of the infrastructure group you will have the opportunity to work on critical components that will be used across all teams within the company, work on challenging and complex problems while constantly learning and growing as a developer. As well as collaborate with a diverse team of skilled developers and contribute to the success of the company as a whole.

We are seeking a highly skilled and motivated Infrastructure Backend Software Engineer to join our dynamic team. As an Infrastructure Backend Software Engineer, you will play a crucial role in designing, developing, and maintaining the backend systems that power our infrastructure. You will collaborate with cross-functional teams to architect scalable solutions, ensure system reliability, and optimize performance. Your expertise in software engineering, distributed systems, and infrastructure will contribute to the success of our organization.

Desired Skills and Experience:

5+ years of experience of server-side development using .Net

Solid experience with distributed systems & microservices architecture

Strong knowledge of OO design and implementation.

Strong ability to take ownership.

Good communication skills

B.Sc in computer sciences or equivalent

Advantages:

Experience in any of the following:

Devops and building automation pipelines

Frontend development

NodeJS

Tipalti is the only company handling both global partner payments and accounts payable workflows for high-velocity companies across the entire financial operations cycle: onboarding and managing global suppliers, instituting procurement controls, streamlining invoice processing and approvals, executing payments around the world, and reconciling payables data across a multi-subsidiary finance organization. Tipalti enables companies to scale quickly by making payables strategic with operational, compliance, and financial controls. Through Tipalti, our clients can efficiently and securely pay thousands of partners and suppliers in 196 countries within minutes.

Tipalti is fueled by a commitment to our customers and a desire to build lasting connections. Our client portfolio includes high-velocity businesses such as Amazon Twitch, GoDaddy, Roku, WordPress.com, and ZipRecruiter. We work hard for our 98% customer retention rate which is built on trust, reliability and innovation. Tipalti means we handled it - a mission to which we are constantly committed.
