## Senior Full-Stack Engineer- JFrog Security

Netanya/Tel Aviv, Israel | R&D Share position

At JFrog, we're reinventing DevOps to help the world's greatest companies innovate -- and we want you along for the ride. This is a special place with a unique combination of brilliance, spirit and just all-around great people. Here, if you're willing to do more, your career can take off. And since software plays a central role in everyone's lives, you'll be part of an important mission. Thousands of customers, including the majority of the Fortune 100, trust JFrog to manage, accelerate, and secure their software delivery from code to production -- a concept we call "liquid software." Wouldn't it be amazing if you could join us in our journey?

JFrog Security is one of the main pillars of JFrog's long-term strategy. We are pushing the boundaries of security analysis of both binaries and code, shifting left and bringing new and exciting features to both developers and DevOps. We are looking for a Senior Full-Stack Engineer to join an innovative and talented R&D team. To join us you will need to work well under pressure and deliver high-quality code using the latest cloud frameworks and technologies.

### **As a Senior Full-Stack Engineer at JFrog you will...**

Lead back-end infrastructure while introducing microservices, DB best practices, performance optimization and more using Golang

Develop user interfaces using

Deliver high-quality code with excellent test coverage

Own JFrog's security plugins for IDE

Act as the technical go-to person for owned domains

### **To be a Senior Full-Stack Engineer at JFrog you need...**

5+ years as a Full-stack Engineer

3+ years experience in Java development

Experience with relational databases and microservices

Deep knowledge and hands-on experience with design patterns, data structures, and software design methodologies

Experience with modern front-end frameworks -

Quick and enthusiastic learner with the ability to learn new and unfamiliar frameworks and technologies

Experience with Golang - a strong advantage

Experience with IDE Plugins (IDEA,VSC), and building CLI tools - a strong advantage
