Israel Jobs Expertini®

Senior Full Stack Engineer

Apply Now

Company: Placer.ai

Location: Ramat Gan

Category: other-general

ABOUT PLACER.AI:

Placer.ai is a fast-growing big data startup led by seasoned executives and repeat entrepreneurs who are building the world's first Google Analytics for the physical world. Placer.ai’s platform provides instant visibility into any property in the U.S., presenting accurate details about visitation patterns and demographic breakdowns of visitors. Placer.ai’s customers can see where visitors have been before, where they go afterwards, where they typically go for sports, entertainment, groceries, etc., and what their interests are. Placer.ai's A.I.-based SaaS platform replaces archaic solutions such as manual surveys, installed cameras and other people-counting systems, creating a blue ocean market of more than $100B.

Placer.ai has grown 3x year-over-year for the past 3 years, counting more than 2,200 paying customers across a range of industries, including 2 of the world’s top-10 retailers, 2 of the top-10 CPG firms worldwide, a world’s top hospitality firm, 2 of the world’s top-10 commercial real estate (CRE) firms and 2 of the world’s top multinational asset managers and hedge funds. Placer.ai has just raised $100M for Unicorn ($1B+) valuation in Series C funding.
