Senior Software Engineering - Remote

Apply Now

Company: Akamai

Location: Israel

Category: other-general

Are you a developer who loves solving complex problems?

Are you passionate about developing cutting-edge application?

Join our Team

Akamai is a leading developer of a distributed platform for cloud computing, security, and content delivery.

Be part of making a critical difference

At SIA enterprise, we develop protective measures that harness Akamai's real-time cloud security intelligence. You will help us build a world-class scalable backend platform. In this role, you'll collaborate with multiple teams to build cloud cutting-edge cloud services and environments for the SIA Data Platform.

As a Senior Software Engineer, you will be responsible for:

Building a world-class scalable microservice backend platform to ensure a robust, stable, and high-performing environment

Writing reliable, efficient, secure, and scalable code.

Collaborating with various engineering teams, Data Science, product, and operations to develop one of the most innovative components of the product.

Coding primarily in Python or Java, demonstrating proficiency in one languages.

Do what you love

To be successful in this role you will:

Have good experience in object-oriented software development

Demonstrate experience in Backend Development using Python, Java, or comparable (GO/Java/C#/C++/Rust)

Have experience with Kubernetes and cloud-native environments

Have experience in development within microservices architecture

Have the ability to learn and become proficient in new subjects quickly.

Experience working with one of the following technologies database: ClickHouse, PostgreSQL, MongoDB, Redis

Experience working with one of the following event streaming technologies technologies: RabbitMQ, Kafka, Amazon SQS,

Work in a way that works for you
FlexBase, Akamai's Global Flexible Working Program, is based on the principles that are helping us create the best workplace in the world. When our colleagues said that flexible working was important to them, we listened. We also know flexible working is important to many of the incredible people considering joining Akamai. FlexBase, gives 95% of employees the choice to work from their home, their office, or both (in the country advertised). This permanent workplace flexibility program is consistent and fair globally, to help us find incredible talent, virtually anywhere. We are happy to discuss working options for this role and encourage you to speak with your recruiter in more detail when you apply.

what makes Akamai a great place to work
