

Senior SW Development Engineer (Low Level)

Apply Now

Company: Harmonic

Location: Israel

Category: other-general

Description

Senior SW Development Engineer (Low Level) Harmonic is the worldwide leader in virtualized broadband solutions. We revolutionized broadband networking via the industry's first virtualized broadband solution, enabling cable operators to more flexibly deploy gigabit internet service to consumers' homes and mobile devices. Learn more at .

Role Description We are looking for a Senior SW Development Engineer to join our Low-Level team. You will report to the Director of Software Devices, Broadband business unit

Location

Hybrid role - working at least 3 days a week from our offices in Caesarea

What you will be doing As part of the role, you will be involved in the following activities:
Creation and implementation of SW architectural design, C & C++ code development in an Embedded environment

Joining a low-level SW development team, and taking part in the definition of SW/HW interfaces

Cooperation with different development teams (e.g. HW, QA)

HW boards bring-up activities

Linux Kernel programming and SW infrastructure

What you should have:

B.Sc. in computer science / SW engineering

At least 5 years of experience in Embedded Real Time

Proven Experience with Embedded Linux

Experience with Multi-threading, OOD and Design patterns

Proven Experience in C/C++ Programming. Python – advantage

Proven experience in leading significant design/implementation activities involving other team members. Experience in leading a small team – advantage

Experience with Low-Level work with HW – board bring-up, production support, Linux drivers, diagnostics

Proven Experience in Networking – advantage

Proven experience working in an Agile environment – advantage

At Harmonic, we believe that building and nurturing a global team with diverse backgrounds and voices is critical to our success. Together, we achieve excellence through creativity and innovation, build relationships based on integrity and mutual respect, and deliver the highest quality in every aspect of our business for the benefit of our employees, business partners and shareholders.
