Deliver all project management artifacts such as scope and objectives, resources plan, budget, project plans, status reports, and tracking of key milestones, risks, issues and dependencies.

Resolve complex problems, drive project team to success, provide guidance and workarounds while facing roadblocks through a consultative approach with project sponsor and stakeholders.

Adhere to internal project management methodology, quality standards and processes.

Establish strategies to minimize project risk and ensure compliance with relevant laws and regulations.

Major Duties:

Learn the subject matter to provide leadership and guidance for the programs and projects.

Execute and implement programs or projects initiated to deliver new or enhanced strategic risk capabilities or regulatory changes.

Collaborate with the business and technology to improve efficiency, effectiveness and productivity.

Lead and facilitate cross-discipline discussions for decision making regarding scope, prioritization and issue resolution.

Develop, manage and communicate all program and project artifacts such as objectives, risks, issues and project status to multiple levels of the organization.

Knowledge/Skills:

Program and project management and/or risk and compliance knowledge is required (e.g., fraud, operational resiliency, stress testing).

Self-motivated, highly flexible and adaptable to change.

Leadership and organizational skills are required to determine the program goals, structure, budget, timelines and resource needs as well as tracking many concurrent

activities.

Consultative, critical thinking, analytical, and strong oral and written communication skills are required.

Knowledge of MS suite of applications, advanced Excel skills for analysis, PowerPoint for reporting and presentations, and knowledge of MS project for project plans.

Ability to work with multiple partners in cross-functional groups at various levels throughout the organization and ability to drive consensus among multiple groups.

Ability to drive execution without direct reporting line responsibilities.

Experience required:

██████████ Bachelor's degree with at least 5+ years of risk management and/or project management experience.
