

Technical Product Manager

[Apply Now](#)

Company: Jobinfo

Location: Israel

Category: other-general

Job Description:

FULL TIME, 100% REMOTE

Spacemesh is a fairly mined cryptocurrency that is permissionless, trustless, secure, and race-free. Spacemesh is built and distributed as open-source software and all software work done for Spacemesh is contributed to the world under a permissive software license.

To get a full sense of our motivation, vision, scope, and values please watch this whiteboard video with our chief scientist, cryptography professor Tal Moran. To learn more about the platform from a tech perspective, please see the resources available here.

We are looking for our first technical product manager that will help guide development of our protocol and various applications, based on data collected from our growing community of enthusiastic smeshers. Become part of the team that develops the project vision of Spacemesh.

If you want to work on a layer one project, and be at the forefront of the next major tech disruption – decentralized programmable money – apply to join us.

You will be able to enjoy

A flat and fully remote structure, with team members in The United States, Italy, Ukraine, Israel, Germany, India, Taiwan, and more.

Open source exposure

Asynchronous work style as you coordinate with our global team

Flexible hours

Full responsibility for the quality and delivery of major platform components

A chance to work closely with the Spacemesh world-class researches Tal Moran and Iddo Bentov

Working closely with the open-source community

A coin package and a competitive salary

RESPONSIBILITIES

Gather feedback from existing users.

Continuously monitor and participate in discussions on Discord.

Talk to community members in private discussions.

Perform usability studies for new and existing features.

Use any tool at your disposal to collect learnings from our user base.

Talk with prospective users and perform market research.

Attend relevant industry conferences and events.

Propose product improvements and participate in task prioritization

Additional Positions:

Location:

Hybrid, Far East, Europe, United States, Northern Sharon, abroad, Southern Israel, Jerusalem area, Northern Israel, Haifa area, Sharon area, Shfela area, Tel Aviv - Center

Category:

Job Qualifications:
