Who we are

ERC Pathlight is an innovative, rapidly growing clinical leader in the behavioral health sector. Founded in 2008 by pre-eminent psychiatrists and psychologists in the eating disorder space, ERC Pathlight now treats over 6,000 patients per year, operates more than 30 facilities in 9 states and delivers the first of its kind, researched Telebehavioral healthcare to patients nationally. We offer the most comprehensive treatment program in the country for patients who struggle with eating disorders, mood and anxiety and trauma-related disorders.

How you'll serve our patients

As a Primary Therapist at ERC Pathlight, you can expect to be a part of virtual team that delivers face-to-face treatment, therapy sessions and support to our patients through our HIPAA-compliant Telebehavioral Health Platform around the nation.

You will serve patients daily in a multitude of ways:

Conduct psychotherapy including individual, group and family therapy

Conduct comprehensive assessments and treatment planning for each patient on case load:

Complete biopsychosocial, self-harm and suicide assessments

Create individualized treatment plan with specific and measurable goals in collaboration with treatment team members

Create treatment agreements, support plans or behavior plans as needed

For each patient on case load, complete clinical paperwork including:

Treatment plans

Individual and Family Therapy progress notes and group notes

Wellness plan and aftercare plan

Discharge summary

Attend treatment team meetings and treatment team rounds to coordinate patients care with interdisciplinary team

Primary Therapist III Must Haves:

At least 3 years post licensure experience working with mood, anxiety, ED and/or trauma related disorders

Some experience supervising other clinicians

Has carried a significant individual and/or family caseload, with success treating more complex cases

How we invest in you

Every role at ERC Pathlight is essential to delivering the high-quality care we promise to our patients. This means that from day one, we're here to support your role by offering ongoing training and continuing education opportunities as well as support to achieve internal growth.

What we offer

Healthy organizations value the mental wellness of their teams, and we understand that the professionals who work for us are not immune to their own mental health conditions. In the same way we observe and guide our patients, we take the same consideration for our employees when building our benefits packages and healthcare offerings. We offer competitive pay, comprehensive benefit plans, Generous Paid Time Off, 401(K) with company

match and tuition reimbursement.
