

VP Product

[Apply Now](#)

Company: Incredibuild

Location: Tel Aviv-Yafo

Category: other-general

Who we are:

Incredibuild empowers developers to radically accelerate their work by shortening build times, allowing more iterations and faster product releases. Thousands of customers including world-leading brands trust our platform to streamline and accelerate everything from compilation to release automation, generating great savings of resources and accelerating Time-To-Market for leading brands.

We've helped over 200,000 developers at tech giants like Microsoft, Samsung, Nintendo, Amazon, and many others to develop some of the most successful software in many industries such as gaming, financial services, Embedded software, and more.

In the past three years, Incredibuild has been in hyper-growth, expanding globally with no signs of slowing. We have secured multiple rounds of investments to keep expanding our market share.

This is your opportunity to join a category leader and make a difference.

Who you are:

We are looking for a **Vice President of Product** for a unique opportunity to lead the product strategy and be a key player in shaping our future success. If you are a seasoned professional with a passion for software products and a desire to drive innovation in a fast-paced environment, we can do great things together.

What You'll Be Doing:

Strategic Vision Develop and communicate a clear strategic vision for Incredibuild's product portfolio. Identify market trends, customer needs, and competitive landscape to drive product innovation.

Product Management Leadership: Lead the product group to define and execute the product strategy. Provide guidance on product roadmaps, feature prioritization, and overall product development.

Market Analysis Stay abreast of industry trends, competitor products, and emerging technologies to make informed decisions that keep Incredibuild at the forefront of the market.

Team Development: Foster a collaborative and high-performance culture within the product management team. Mentor and guide team members to achieve their full potential.

Customer Focus: Work closely with customers to understand their needs, pain points, and aspirations. Translate customer insights into product features and improvements.

Cross-Functional Collaboration: Collaborate with cross-functional teams including engineering, marketing, sales, and customer support to ensure alignment and successful product launches.

What You'll Need:

10+ years of **Product** experience, building, and leading complex products. (Building new products from **scratch** – a big advantage)

Experience with **DevTools / DevOps** products - a huge advantage.

Experience with **B2B software** products, selling for **enterprise** customers. **SAAS**

Proven **senior management** experience in a **VP-level** position - building, hiring, and mentoring of product teams.

BSc in computer science or equivalent, hands-on experience **software development** including management of SW groups.

A **collaborative** leader with the ability to inspire and harness the potential of the product team.

Strategic Thinker ability to formulate and execute product strategies that align with overall company goals.

Visionary mindset to anticipate industry trends and shape the future direction of Incredibuild's product offerings.

Outbound experience and excellent **communications** skills – handling product launches and messaging, enablement team interfaces, and ability to articulate complex technical concepts and product strategies to both internal teams and external stakeholders.
